THE MIDDLEBURY CAMPUS

VOL. XII. THE MIDDLEBURY CAMPUS, WEDNESDAY, JUNE 7, 1916. No. 9

THE CAMPUS ADOPTS NEW CONSTITUTION

A New Board Takes Up the Work Under the New System.

At a meeting of the Campus Board June 5, a new constitution was unanimously adopted, whereby the old appointive system was entirely abandoned and a new competitive system substituted in its place. Following this a new board of editors was elected under the new system, for the ensuing year.

The new constitution as drawn up by a committee was read and explained by its chairman. It provides for an entirely new organization composed of an editorial and a business department. The editorial staff consists of an Editor-in-Chief, an Assistant Editor-in-Chief, four Associate Editors, an Alumni Editor and an Exchange Editor. The Assistant Editor-in-Chief, the Alumni Editor and two Associate Editors are chosen from the women's college and the others from the men's college. Two of the Associate Editors, one from each college, will serve as Athletic Editors. The Editor-in-Chief and Assistant Editor-in-Chief are chosen from the Associate Editors at the end of the Campus year which will close the last day of April of each year. Below the Associate Editors is a staff of eight reporters, who will do the bulk of the writing. They will compete for positions on the board at the end of the Campus year. Thus, there are always two contestants for a higher position, insuring keen competition and efficient management.

The business staff is composed of a Business Manager from the men's college, an Assistant Business Manager from the women's college and two Associate Business Managers from each. The same scheme of competition will exist in this department.

The second radical change effected by the new constitution is in the matter of elections and promotions on the board. An elaborate point system has been worked out for both the editorial and business end. The quantity and quality of the work contributed, the time spent, and general efficiency exhibited are the chief factors in determining the merit of those who are working for promotion. Provision is made for dropping all inefficient members, so that the man who deserves the place will get it, and all are free to compete. This should encourage more students to try out for the paper, and it will certainly insure a better all-around publication.

The following board, elected to fill the offices under the new organization, is as follows :

Editorial Staff : Editor-in-Chief, Richard H. Buffum, '18 ; Asst. Editor-in-Chief, Orra Henderson, '18 ; Exchange Editor, M. Smith Webb, '18 ; Alumni Editor, Madeline Foster, '17 ; Associate Editors, Irving Eastman, '18, Charles Lyon, '18, Doris Richards, '17, Violet Richardson, '17.

Business Staff : Business Manager, Rowland V. Ricker, '17 ; Asst. Business

UNION ELECTS OFFICERS FOR THE COMING YEAR

Student Council Established at Important Meeting.

Nearly every member of the Men's College attended the annual meeting of the Union which was held Tuesday evening, June 6, in the gymnasium. The meeting was called to order by Mr. Ferguson, and the reports of the secretary, treasurer, and chairmen of committees were read. The report of the Social Committee showed a balance on hand of a little over $10.00. Chairman Fish recommended that this sum be turned over to the treasurer of the Union, with the understanding that the treasurer should use it to pay for the printing of the freshmen handbooks, issued last fall. It was finally agreed, however, that in view of the fact that Mr. Danolds had advanced $70.00 towards the purchase of " M " sweaters, the $10.00 should be paid to him.

Chairman Davis of the Social Service Committee reported that the work of that committee had been carried on by the Christian Service Club, which had also sent four delegates to the Tri-Seminary Conference held at Cambridge last March, and two delegates to the State convention of the Y. M. C. A. at Burlington in May. He read a communication presented by a committee of the Club, requesting that the Union record its approval of a transfer of the religious activities of the Union from the Social Service Committee to the Christian Service Club. This request was put to a vote and granted.

The Union then proceeded to the election of officers for the coming year. The balloting resulted as follows : President, H. E. Hollister, '17 ; vice-president, Earl Horsford, '17; secretary, W. E. Miller, '17 ; treasurer, J. A. Reynolds, '17 ; chairman of the College Welfare Committee, Stanley V. Wright, '17; chairman of the Social Committee, A. P. Benedict, '17.

Mr. Wright, '16, president of the Athletic Association, announced that there would be a meeting of the association on Saturday, June 10, at 1:30 p. m. in the old chapel, for the election of new officers.

The next item of business was the election of a senior council of seven men, one from each fraternity and a neutral, which, in co-operation with the faculty, should act as a student governing board, to which matters of student administration might be referred, and which should have the support of the whole student body. It was understood that this council should exercise the authority delegated to the Waubanakee Society last fall by President Thomas. The following men were elected to constitute the council for 1916-17 : Messrs. Benedict, Miller, Lang, Dewhirst, Mason, Ottman, and Boehm.

It was next voted that the freshman-sophomore baseball game should be held on Saturday, June 10.

Mr. Ferguson, who has taken an act-

MIDDLEBURY COLLEGE 4 TRINITY COLLEGE 3

Spectacular Play by Bartlett Gives Midd. the Game.

Trinity College lost a close game of ball Friday afternoon on Trinity Field to Middlebury College, the final score being 4 to 3. A walk, a single and a couple of errors gave Trinity three runs in the first inning. Middlebury got a run in the fourth when Bresnahan singled, stole second, and scored on Robinson's double to left. Neither side was able to score again till the eighth, when Middlebury scored three runs, enough to win the game.

Mott, the first man up in the eighth, was safe at first when Murray juggled his grounder. Bresnahan then singled, Mott taking second. Robinson grounded to Ferris, who threw high to Berkeley, who could not hold onto the ball. Ferris then walked Dewhirst, forcing Mott across the plate. Bartlett singled to right, scoring Bresnahan and Robinson. Butterfield grounded to McKay, who threw home catching Dewhirst at the plate. This was a close decision. Garrison struck out and Bower ended the inning by flying out to second.

Bartlett robbed Leeke of a hit and Trinity of a game when he made a spectacular catch of Leeke's liner in the ninth with two men on bases. He made a double play at second after the catch.

Trinity scored three men in the first. Garrison walked Leeke, the man up. McKay singled to left, Leeke taking third and McKay going to second on the throw in. Murray flied out to second. Kenney then sent a pop fly to short, filling the bases. Schmitt hit a grounder to short Leeke and McKay scoring, Kenney going to third. Kenney scored on a passed ball. Vizner struck out, and Berkeley flied out to right.

Middlebury scored its first run in the fourth. Bresnahan singled, stole second and scored on Robinson's double to left. Both pitchers tightened up at this point and there was no more scoring till the eighth when Middlebury scored three times. It looked as if Trinity was going to win out in the ninth. After Berkeley had flied out to center, Kenney knocked a clean double between center and left. Garrison then walked Ferris. Leeke knocked a liner that looked like a sure double, but Bartlett in center field made a spectacular shoestring catch, doubling up Kenney at second and ending the game.

(Continued on Page 3.)

Prize Speakers.

The contestants in the Parker and Merrill prize speaking contest to be held Monday evening of Commencement Week, have been chosen and are now being coached by Mr. B. W. James of the Emerson College of Oratory, Boston. For the freshmen contestants the following have been selected : Paul Pitkin, William Bullis, Frank Greer, and Cecil Plumb. The sophomore speakers are : Walter Anderson, Henry Chapman, Donald Ober, Charles Lyon, Harold Drew, and Wallbridge Fullington.

NEW CHANGES IN THE MIDDLEBURY FACULTY

Changes in the Departments of Music, Geology and Spanish.

Mr. Lewis J. Hathaway, at present head of the music department of Montpelier Seminary, has been chosen to take the department of music in Middlebury College next year and has accepted the position. Mr. Hathaway is a graduate of the New England Conservatory of Music and has also studied music in Berlin, Germany. He has been very successful in his fifteen years' experience at Montpelier. He is a teacher of piano and organ and in addition will give courses in the theory of music. Mr. Hathaway will serve as organist in Mead Memorial chapel and will have charge of the college choir. He will succeed Professor Edward Royce who has accepted a position at Ithaca Conservatory of Music.

The department of Geology next year will be in charge of Dr. William G. Foye, now at Harvard University. Dr. Foye graduated at Colby College, Maine, in 1909. For two years he was instructor of mathematics at the Mount Hermon school for boys. In 1912 he received the degree of A. M. from Harvard for work in Geology and later received a traveling fellowship in that institution. He took his doctor's degree in 1915. Immediately after receiving that degree he was sent by the Geological department of Harvard to the Fiji Islands to make a study of the coral reef problem. His investigations were successful and are to be published as a bulletin of the Shaler Fund connected with Harvard University. During the past year Dr. Foye has been instructor in Geology at Harvard. He will succeed Professor C. A. Lyford.

Mr. Roy C. Phillips will give the instruction in Spanish next year. Mr. Phillips is a graduate of Brown University of the class of 1915 and receives his A. M. from Harvard this month. He is a young man of marked ability who will certainly be a success as a teacher. Mr. Phillips will take the place now held by Professor C. St. C. Wade.

In addition to these new instructors the staff will be increased by Mr. Arthur B. King, '12, who will act as assistant to President Thomas and do some of the work heretofore assigned to Assistant Dean Wiley.

The movement for an inter-fraternity scholarship contest is to be carried out in the Women's College in the same way as it has been planned for the Men's College. President and Mrs. Thomas have offered a silver cup as a prize in this competition. The name of the winning organization is to be engraved on the cup each year, and when an organization attains the highest scholarship rank for three years in succession, the cup goes into its possession. The neutral girls are planning to organize so that they may enter the contest.

It is hoped that this plan will bring about a wholesome rivalry, and raise the general average of scholarship among the women.

EDITORIAL.

It was announced in the last issue of the Campus that the old appointive system whereby the various fraternal organizations of the college were privileged to delegate one member from their number to serve on the Campus Board was to be abandoned; in place of this, a new constitution was to be adopted which should be of such a sort as to enable every man and woman in college who so desires to fairly earn a position on the Board by means of an adequate credit system. This action by the old Board was the result of a long experiment with the old system which has proved conclusively that a college publication cannot be successfully run by such a method. It is apparent on the face of it that that sort of competition which is essential to success in every branch of student activity is practically impossible where merit plays so small a part. The experience of the Board during the past year has been that the bulk of the work both of editing and securing news items has fallen on the Editor-in-Chief, who should be left free to devote his attention to the work which pertains peculiarly to his office. By the appointive system, it often happens that a fraternity chooses to fill a vacancy a man who has had absolutely no experience in newspaper work, and as a result is entirely unfit to perform the duties which fall upon him. This, however, is not necessarily the fault of the fraternity, for the system requires that a man be chosen, whether or not the fraternity happens to have, at the time, a man qualified to fill the position. Moreover, after an appointment has been made, the system provides little or no necessity or even inducement for real endeavor.

"The old order changeth, yielding place to new." Henceforth, the Campus will be run on a basis of pure merit, in so far as lack of experience and the inecessary limitations of the framers will permit. The new Board purposes to faithfully and humbly serve the highest interests of the college which has intrusted to its care so important and honorable a duty. We earnestly desire that you, for whom we labor, will have patience with our shortcomings, and offer at any time in a spirit of friendliness and co-operation such criticism and suggestions as may seem to you most advisable, resting assured that they will be received in as kindly a spirit as they are proffered. In return, we will bend our energies toward the raising of standards in the activities of college life, and in conveying to the alumni and friends of the college, a true and, as nearly as possible, complete account of what Middlebury and her undergraduates are doing.

What of the old Board? It is highly fitting that we do justice to ourselves by an appreciation, however inadequate, of the work done by the retiring Editor-in-Chief, Mr. J. James Floyd, in laying the foundations for the work we are to carry forward. It is impossible for those not intimately connected with the work of editing the Campus under the former system to appreciate the difficulties against which he has labored. It is a big task in itself to completely transform the running of the paper from an appointive system to a system which is purely competitive. But entirely aside from such considerations, he has had to deal with problems of editing and publication which have made the effort required most discouraging. It is natural to lay to the Editor-in-Chief the lacks which have been very apparent in the paper during the past year, but we feel that for the most part these were largely due to causes over which Mr. Floyd had no control. On the other hand, many improvements which have become apparent are directly attributable to him, and we take this opportunity to publicly express our deep appreciation of the work which he has done in the past, and of the assistance and counsel which he is now giving us in getting the new machinery under way. We earnestly hope that this fact will be constantly borne in mind, and that due credit be given the faithful effort of the retiring board.

CAMPUS ADOPTS CONSTITUTION.

(Continued from Page 1)

Manager, Dorothy Brown, '18; Associate Business Managers, Walbridge Fullington, '18, Leslie Shedd, '18.

Owing to lack of qualifications, the associate managers for the Women's college have not been chosen; the elections will be held after a sufficient number qualify.

The new board has already assumed full charge of the paper, and tryouts for the staff of Reporters, and also for the business department, will start at once. It is the privilege of every member of the undergraduate body to try out for any department of the work, and full credit will be given for all work done. We urgently request that everyone at all interested in the editing or management of the paper or in general newspaper work avail themselves of this opportunity. We need more co-operation. Several names have already been received, and the competition promises to be keen. It is hoped that the new system will provide the means for making the Campus a thoroughly democratic organ of the student boky.

UNION ELECTS OFFICERS.

(Continued from Page 1.)

ive interest in the matter of organized cheering at our athletic contests, made a final plea for the election of a corps of cheer-leaders, and nominated Mr. Lee as head cheer-leader, with Messrs. Everitt and Davis as assistants, and Mr. Reynolds for song-leader. The nominees were unanimously elected. There being no further business to transact, the meeting adjourned.

MIDDLEBURY Y. M. C. A. TO BE RE-ESTABLISHED

The Christian Service Club to Start the New Organization.

On Wednesday night, June 7th, the Christian Service Club, discussed the need of better organization. In several instances this past year the Middlebury men have felt the need of connection with the Christian work of other colleges. It was shown that the best means of obtaining such a union and at the same time stimulate interest and increase activity in the religious life of the college, would be the establishment of a Y. M. C. A. It was moved that the committee on organization make arrangements for the establishment of a college Y. M. C. A. The motion was unanimously carried when it was clearly understood that this would only mean a continuation of the work of the Club in a national organization and that its only activity would lie in religious lines. Final action will be taken at the next meeting.

Inter-fraternity Scholarship Contest.

In the issue of the Campus for May 17, announcement was made of the proposed Inter-fraternity Scholarship contest for the improvment of scholastic standing among the various social groups of the college. At that time definite information could not be given owing to the fact that the committee in charge was still at work developing the plan. We are now in a position to give the results of its work, and we would add that this action has been unanimously confirmed by the various fraternity groups. It was necessary that a petition be filed with the Faculty in order to secure the grades necessary for carrying on the contest. The petition was granted by a uninanimous vote of the Faculty, and the contest will start with the opening of college in the fall. The rules which will govern the contest are as follows:

1. The Inter-Fraternity Scholarship Contest shall be conducted by a committee composed of one representative from each fraternity, the Dean of men, the Registrar and a representative of the non-fraternity men.

2. The representatives of the undergraduate body shall preferably be upperclassmen.

3. The chairman shall be a Senior representative elected by the committee.

4. Meetings shall be held at the discretion of the chairman.

5. The methods of ratifying new or changing old rules shall be similar to those adopted by the Inter-Fraternity Council.

6. The general average of the men's fraternities shall be determined by dividing the sum of the grades obtained by a fraternity by the total number of courses taken by that fraternity.

7. Conditions shall count as 50.

8. Exclusions from examination shall count as 0.

9. Repeated courses shall count as new courses.

10. Subjects dropped by permission of the faculty shall be dropped from the count.

11. Incomplete work shall not count. Incomplete courses to receive credit in the averaging must be made up within three weeks after the examinations.

12. The neutral men shall be included as a single body.

13. The method of comparison shall be determined by the committee.

14. The standing of the fraternities shall be published, after the first semester, in the Campus, and after the second semester, in the "Freshman Bible."

We are very glad at this time to announce in addition to the foregoing that President Thomas and Mrs. Thomas have made a very generous offer to the fraternities and sororities taking part in the contest. The Campus feels that the student body as such, or as fraternal units should tender the donors some definite expressiin of its appreciation. The offer, as presented to Professor Perkins by the President, is self explanatory, and we herewith publish it entire:

Office of the President, May 12, 1916.

PROFESSOR L. R. PERKINS,
Middlebury,

My dear Mr. Perkins:

I am much interested in your statement that you find many of the students interested in the publicatiou of the scholastic standing of fraternities as a means to stimulate better scholarship. I hope the plan will be carried out, as I believe it would encourage wholesome rivalry and promote more earnest work. If such a plan should be thought feasible Mrs. Thomas and I would be glad to offer cups, one for the fraternities and one for the sororities. We have spoken of having the name of the winning organization inscribed each year on the cup, the group standing at the head three years in succession to retain possession of it. Of course the neutral group or any club that might be organized not strictly after the fraternity model should be considered in the competition.

Faithfully yours,
JOHN M. THOMAS.

1918 Kaleidoscope Under Way.

The 1918 Kaleidoscope Board is already at work upon their project, namely, to issue a year book that will be a credit to Middlebury. Several radical innovations will be carried out in its composition, and it will positively be distributed before Junior Week 1917. The tax for the Freshman, Sophomore, and Senlor classes will be $2, while the Junior tax will be $5, as is customary. Everyone will be given an opportunity to pay this tax with their semester bills at the opening of the college in the fall. Slips will be issued the first of next week whereby Seniors and Alumni who are back for Commencement, may sign up for next year's Kaleidoscope.

The Editor-in-Chief has appointed the following members of the Board:

Athletic Editors, Allyn, Miss Henderson.

Art Editors, Wheelock, Miss Sibley.

Associate Editors, Miss Harris, Miss Norris, Miss Dean, Mudge, Everett, Fullington.

The Fisk Teachers' Agency
156 Fifth Avenue, New York City

Other offices in Boston, Chicago
Denver, Los Angeles, etc.

Especially serviceable to college graduates by reason of large patronage among Colleges, High Schools and Private Schools. Send for circulars.

"ON THE HILL"

Welcome to the Alumnae!

It gives the college great pleasure to extend to its alumnae a hearty welcome to its one hundred sixteenth Commencement exercises. There is every indication that the exercises of this year are to be the best ever in the college annals. The college has every reason to be proud of the Senior class which it is about to send out to swell the numbers of the alumnae who are already struggling to show themselves worthy of their Alma Mater. The choice of class-day and Commencement speakers insures an interesting and inspiring program. Every detail, in fact, of the exercises of the week is being worked out with attention and careful thought so as to make every occasion enjoyable to all.

The college has been watching eagerly and with great interest the erection and growth of its two new buildings, the chapel and dormitory. Surely every alumna must be filled with pride as she beholds these fine new edifices upon the hill above the old Campus, ready to greet him. We, as a College, are so proud of these new acquisitions that we want every Alumnus to come back and share our joy and the happin ss at their opening.

Every member of the faculty and student body stands ready to welcome every Middlebury graduate and we hope fervently that this year, which has been filled with such riches for the college may be crowned with the presence of a large number of her Alumnae who have come back to show their loyalty to our Alma Mater and thus to make the Commencement of the class of 1916 a never-to-be forgotten occasion.

Juniors Serenade the Seniors.

Following an old custom at Middlebury the Juniors girls appeared on the campus in front of Pearsons at 10:30 Tuesday night, June 6, and by means of Japanese lanters formed a large letter "M". They sang songs of praise and tribute to the Seniors and at intervals between the singing of original carols they sang Midd. songs. Among the many "hits of the evening" the following called forth greatest applause:

The Senior class we now salute
With praise and cheer and songs,
They finish up good marks to boot
And soon they'll pass along.
Since they are a jolly crew
Come lets cheer them good and loud,
1916 Senior Class!!
Oh we're sorry to know
That they soon must go,
And we never can forget
The Senior class, its pranks and jokes,
The best class ever yet.

O, you're the guys that put the ban on banquets,
For we ain't allowed to have one any more,
You're the guys that make us cry
Cause we had to jump sky high
When you whizzed Penelope along the floor.
You're the guys who fooled us all in the morning
When you sneaked off on a bat—Oh!
Yes you did!
1916. You're the guys—for you can't deny
It was you that put the fun in dear old Midd.

Announcement is posted that the drawing for rooms in the girls' dormitories will take place Friday morning at 11:45 in the office of the Dean of Women in the Chapel Building.

Senior Sneak-day Stunt.

Friday morning all the Senior girls arose at the early hour of five o'clock and sneaked off down to the Pulp Mill bridge where they had a hearty breakfast of bacon, bread, doughnuts, and coffee prepared over a huge fire which they had built. Some of the dignified came back to chapel, but those who could afford it took their cuts and went out in row-boats, sang songs and just had a jolly good time.

Everyone enjoyed the outing immensely, as much because it was the first to introduce the custom. The object being to run away without being discovered and to enjoy a final "romp" before taking up the yoke of dignified graduates.

The class of 1916 deserves much praise for it has established a precedent which it is hoped future classes will adopt and carry out as successfully.

Student Government Meetings.

A meeting of the Student Government Association was held June 5 after chapel. An amendment to the rule regarding boating and canoeing was discussed. The new rule reads as follows: "Boating or canoeing is never permissible in the evening or on Sunday. Boating is permissible only with two couples, but canoeing is permissible with one or two couples."

On Wednesday, June 7, another meeting of the association was held, and it was voted to accept this amendment to the constitution.

Monday afternoon, May 29, the Pi Beta Phi's enjoyed a bacon bat on the banks of Otter Creek. A large fire was quickly built, and as usual everyone fried bacon on long sticks and ate what they could save or rescue from the fire. Among the Alumnae present was Carmen Walker, '12. The Alphi Chi girls were about half a mile down the creek and songs of tribute were exchanged between the two groups and added to the fun of both parties.

A party of Phi Mu Gamma girls enjoyed a very pleasant trip to Lake Dunmore last Saturday. They went out early in the morning by automobile, prepared for a good time. Very soon after they arrived, however, it began to rain, and a steady drizzle continued nearly all day, however, in spite of the weather, some of the girls went out on the Lake, and others who did not have boating permission, walked over to view the Cascades. After eating a hearty lunch they returned late in the afternoon, a tired but jolly crowd.

The last informal dance of the year was held in the McCullough gymnasium Saturday evening, May 27. About fifty-five couples were present and a very pleasant evening was enjoyed by all. Music was furnished by Vittum's orchestra.

The Alpha Chi's went up the river on a bacon-bat Monday, May 29. A big bon-fire and plenty of good things to eat made it a very enjoyable occasion. After lunch they gathered around the fire and sang songs. Among those present were Abegail Harriman, ex-'15, and Marjorie Wright, '15.

ALUMNI NOTES.

'10. Born, on June 5, 1916, to Mr. and Mrs. Carlos Bucklin Cook of Milwaukee, Wis., a son, Carlos Bucklin Cook, Jr. Mrs. Cook was formerly Miss Helen Clark of the class of 1910.

ex-'15. Winfield Huntley, a student at Trinity College, Durham, N. C., has arrived in town to spend his summer vacation at his home here.

ex-'17. R. R. Mundy is visiting at the Delta Sigma Lodge for a few days.

ex-'18. The engagement of H. H. Stone and Miss Inez Levic has been announced.

'09. Carson H. Beane has been visiting relatives and friends in town for a few days.

'10. "Pick" Fisher, who has been having a very successful season with the New York Americans, visited his parents and friends in town last week.

'15. William Sistare, who is located as teacher in New London, Conn., is visiting at the D. V. house.

'00. Fred H. Bryant, visited the college Thursday accompanied by his wife and son.

'12. Cameron Walker was a recent guest of Louise Lelson, '16, on the hill.

STUDENT NOTES.

Louesa Bullis, '17, is visiting in Whiting over the week-end.

Ruth Bryant, '18, went to New York with her mother last week for medical treatment.

Irene Adams, '19, is visiting her parents in Rutland for a few days.

Loura Parker, Corrinne O'Sullivan, Margaret Patten, Barbara Brown, and Marion Day, Pi Beta Phi's from U. V. M., were recent guests on the hill of the Pi Beta Phi Chapter here.

Organ for New Chapel.

The organ for the Mead Memorial Chapel has arrived, and representatives of the Estey Organ Company are now at work installing it. It is a very large instrument, and required an entire car for shipment. An organ recital will be given Commencement week.

FACULTY NOTES.

Prof. Thomas E. Boyce, who has been ill recently, is much improved.

A daughter, Annie, was born Thursday, May 25, to Prof. and Mrs. Llewellyn R. Perkins.

Prof. E. C. Bryant delivered a lecture on "The Physical Basis of Music" in Warner Science Hall, Monday, June 5, at 4:15 p. m.

Prof. and Mrs. C. B. Wright and Miss Marjorie Wright, '15, who have been South since March, have returned and opened their home in Faculty Row.

Dr. Thomas gave a very patriotic and interesting address in the Town Hall on Memorial Day to the towns-people. Prof. J. A. Morgan gave the address at the Monument.

Prof. Raymond McFarland has been appointed to the faculty of the Summer School of New York University. He will give lectures on the history of education and methods of teaching community civics.

President Thomas preached at Vesper service Sunday for the last time this year, since next Sunday he preaches the baccalaureate sermon in a neighboring institution. On Sunday, May 28, he preached at Wellesley College.

COLLEGE NOTES.

Ten college men have been setting out trees on the college property at Bread Loaf the past ten days. Over 50,000 young pine trees were set out.

The Delta Kappa Rho eating table has been given up for a week, owing to the absence of the matron, Mrs. Holbrook, who was called to Newport, by the death of her mother.

The last Saturday-night-dance at Pearson's was given on the evening of the third with a large attendance. These dances have been very enjoyable occasions and it is to be hoped that they will be continued next year.

At a meeting of the Sophomore class class on Wednesday morning it was voted to levy a Kaleidoscope tax of $5.00 upon each member of the class. At the same meeting Guy Christian was elected captain of the class base ball team.

The college band rendered some fine selections at the Syracuse game. Somehow it seems more like a varsity contest when we hear our band playing in the stand and the players themselves say that it helps them a great deal. Let's have our band out at every contest! We are proud of it!

Beginning next year, Freshmen taking Mathematics 1 and 2 will be required to take Trigonometry the first semester and Algebra the second, instead of taking solid Geometry the first semester and Trigonometry and Algebra the second, as heretofore. Geometery will be elective for those intending to teach Mathematics.

A bust of special interest to all students and alumni for many years past, of "Bob" Steele is on exhibition at Frost's Drug Store. The work was executed by Mrs. Edward Royce, wife of Professor Royce of the Music Department, who has made a careful study of the art for several years. The resemblence is remarkably accurate and gives further evidence of the well recognized skill and artistic taste of the sculptor.

ALBANY TEACHERS AGENCY

Incorporated

Supplies Schools of All Grades with Competent Teachers

Assists Teachers in Obtaining Positions

We receive calls for wide-awake and progressive teachers from every State in the Union. and we want more such teachers upon our lists.

We believe no agency in the country has done more for its clients or secured positions for a larger proportion of them. For several years we have had more positions than candidates, and we can certainly be of service to college graduates who wish to teach and WHO ARE QUALIFIED TO DO GOOD WORK.

NOW IS THE TIME TO REGISTER

German Social.

On the evening of June 6, the two divisions of German 4 met in Pearsons Social Hall to sing some of the songs which have been studied this year. About twenty people were present, including Prof. Skillings and Prof. Davison. The evening was in charge of Doris Richards, '17, and the excellent program gave evidence of faithful work and ability on her part. The entertainment began with the singing of German songs by all present. Miss Richards acted as pianist and Miss Nash, '19, as violinist. There were also two quartet selections, and three solos by Miss Avery, '19, Mr. Pitkin, '19, and Mr. Searles, '19. After the musical part of the program, Prof. Skillings read a German story, and then Prof. Davison announced the winner of the prize offered for the one reading the greatest number of pages of German, outside of the required amount. Miss Dyer, '19, received the prize, a volume of German poems, as she had read over twelve hundred pages. After the literary program refreshments were served and dancing followed. When the evening was over, everyone felt that they had not only enjoyed an excellent entertainment, but had also increased their interest in the German language.

Athletics in the Women's College

TENNIS.

Owing to the continual delay in getting the tennis courts in condition, little has been accomplished so far in tennis. Manager Helen Sibley has made out an inter-class tournament, the winners of which will probably be chosen to play the U. V. M. girls. Only a few sets have been played off as yet, as the time for playing has been limited to the late afternoon. It is hoped that the sets will be played off as soon as possible in order to have a tournament with U. V. M. sometime during Commencement week. The silver cup given by Miss Throop last year for the champion tennis player of the Women's college will be awarded to the winner of the class tournament. As there is a good deal of enthusiasm among the girls for tennis, it is to be hoped that hereafter the courts will be fixed earlier to give more opportunity for playing.

BASEBALL.

The newest athletic fad in the Women's college is baseball. Every fine afternoon a crowd of girls may be seen practicing and incidentally pulling off some brilliant plays. The following schedule was arranged for inter-fraternity and neutral games:

June 3—Neutral vs Sigma Kappa.
June 7—Alpha Chi vs. Pi Beta Phi.
June 8—Phi Mu Gamma vs. Sigma Kappa.
June 10—Alpha Chi vs. Neutrals.
June 13—Phi Mu Gamma vs. Pi Beta Phi.

The first game was postponed on account of rain, but yesterday the match between the Alpha Chi's and the Pi Peta Phi's was played, the latter winning by a score of 28 to 4. In spite of considerable fumbling, the game was well played.
